Subject: Town Council Comment - Item 10.6 letter to the redistricting commission

[EXTERNAL EMAIL]

Thanks for the excellent letter concerning counties (or portions of them) to be included in a district with common interests. I would add only one suggestion: that you include the most eastern, mountainous portion of Madera County, which has Reds Meadow/Devils Postpile, & the Middle Fork of the San Joaquin River. This portion is of great importance to our Town, is administered by the Inyo National Forest (not the Sierra), the Town's police department & Mono County Sheriff provide law enforcement, Mono County provides search & rescue, & there is no Madera County presence anywhere in the valley.

Thanks for your consideration of this matter, Sandy Hogan
