Mono County Mask Mandate – Indoors

Vaccinations

Testing

It's okay to have questions.
Everyone deserves answers.

Let's get to immunity.

Total Positive Cases for Mono County Residents (last 30 d...

TOTAL POSITIVE CASES: 1079 (INCREASE IN CASES: 38 OR 3.65%)

MONO COUNTY COVID-19 TRANSMISSION RATES WEEK ENDING JULY 24, 2021

CASE PER 100,000 – 15.3

POSITIVITY RATE – 6.34%

Population Adjusted Case Rate per 100,000

Positivity Rate

MONO COUNTY BREAKTHROUGH CASES

- 16 breakthrough cases reported
- ~80% of these were asymptomatic
- None have been considered severe/required hospitalization

MONO COUNTY CI/CT EFFORTS

- Noticeable decline in cooperation with investigators (contacts, workplace exposures, etc.)
- Need to control the spread

CDC INTERIM PUBLIC HEALTH RECOMMENDATIONS FOR FULLY VACCINATED PEOPLE

Updated July 28, 2021: Summary of Recent Changes

- Added a recommendation for fully vaccinated people to wear a mask in public indoor settings settings in areas of substantial or high transmission.
- Added information that fully vaccinated people might choose to wear a mask regardless of the level of transmission, particularly if they are immunocompromised or at increased risk for severe disease from COVID-19, or if they have someone in their household who is immunocompromised, at increased risk of severe disease or not fully vaccinated.
- Added a recommendation for fully vaccinated people who have a known exposure to someone someone with suspected or confirmed COVID-19 to be tested 3-5 days after exposure, and to wear a mask in public indoor settings for 14 days or until they receive a negative test result.
- CDC recommends universal indoor masking for all teachers, staff, students, and visitors to schools, regardless of vaccination status.

CDC INDICATORS AND THRESHOLDS FOR COMMUNITY TRANSMISSION OF COVID-19 TO GUIDE MASKS FOR PUBLIC INDOOR SETTINGS BASED ON VACCINATION STATUS

Indicator	Low transmission	Moderate transmission	Substantial transmission	High transmission
<u>Daily case rate</u>	< 1.5	1.5–6.9	7–13.9	> 14
Test positivity	< 5.0%	5.0%–7.9%	8.0%–9.9%	≥ 10%
Unvaccinated	Mask Required	Mask Required	Mask Required	Mask Required
Fully vaccinated	Mask Optional	Mask Recommended	Mask Required	Mask Required

~~MONO COUNTY HEALTH ORDER – EFFECTIVE AUGUST~~ 6

On August 2, 2021, Dr. Richard O. Johnson, Acting Public Health Officer for Mono County, issued a Local Health Order requiring the use of face coverings (masks) for both vaccinated and unvaccinated residents and visitors within indoor public spaces.

This Order shall take effect on Friday, August 6, 2021, and will remain in effect until rescinded, in writing, by the Mono County Health Officer based on three consecutive weeks of adjusted case of below 6.9 per 100,000.

The Order is in response to increasing COVID-19 cases locally and statewide, coupled with the added concerns of the Delta variant, as well as a number of “breakthrough” cases (positive COVID-19 cases in fully vaccinated individuals).

- All persons within Mono County and the Town of Mammoth Lakes, regardless of vaccination status, shall wear face coverings **while in indoor public settings, venues, gatherings, and businesses** (examples include offices, retail, restaurants, theaters, family entertainment centers and meetings, among others).
- Individuals, businesses, venue operators, or hosts of public indoor settings must require all patrons to wear masks, for all indoor settings, regardless of their vaccination status, and post clearly visible and easy to read signage at all entry points to communicate the masking requirements for patrons.
- Recommendation: It is **recommended** that all persons wear face coverings while attending large outdoor public events.

MONO COUNTY HEALTH ORDER – MASK EXEMPTIONS

The following individuals are exempt from wearing masks:

- a. Persons **younger than two years old**. Very young children must not wear a mask because of the risk of suffocation.
- b. Persons with a **medical condition, mental health condition, condition, or disability that prevents wearing a mask**. This includes persons with a medical condition for whom wearing a mask could obstruct breathing or who are unconscious, incapacitated, or otherwise unable to remove a mask without assistance.
- c. Persons who are hearing impaired, or communicating with a person who is hearing impaired, **where the ability to see the mouth is essential for communication**.
- d. Persons for whom wearing a mask would create a risk to **the person related to their work**, as determined by local, state, or federal regulators or workplace safety guidelines.

CDPH RECOMMENDS MASKING FOR PUBLIC INDOOR SETTINGS – REGARDLESS OF VACCINATION STATUS

Effective July 28, 2021 - Masks are required for all individuals in the following indoor settings, regardless of vaccination status:

- On public transit (airplanes, ships, ferries, trains, subways, buses, taxis, and ride-shares) and in transportation hubs (examples: airport, bus terminal, marina, train station, seaport or other port, subway station, or any other area that provides transportation)
- **Indoors** in K-12 schools, childcare
- Emergency shelters and cooling centers
- Masks are **required for all individuals**, in the following indoor settings, regardless of vaccination status (and surgical masks are recommended):
 - Healthcare settings
 - State and local correctional facilities and detention centers
 - Homeless shelters
 - Long Term Care Settings & Adult and Senior Care Facilities

WALK-IN VACCINATION CLINICS

In response to increased demand, Mono County Public Health is hosting the following walk-in COVID-19 vaccine clinics over the next several months for individuals aged 12 and older. **Pfizer, Moderna, and Johnson & Johnson vaccines are all available.**

- **8/06/21:** Mammoth Lakes Clinic (2:00 - 4:00pm) – Mammoth High School (365 Sierra Park Road)
- **8/27/21:** Bridgeport Clinic (11:00am - 1:00pm) – Bridgeport Memorial Hall (73 North School Street)
- **8/27/21:** Mammoth Lakes Clinic (1:00 – 4:00pm) - The Village at Mammoth (6201 Minaret Road)

Day of vaccination

- Bring a form of documentation with your name that matches the name on your appointment. Acceptable forms include: a driver's license, pay stub or utility bill.
- If your vaccine requires a second dose, ask when it will be scheduled.
- Prepare to wait 15-30 minutes after your shot to make sure you don't have a reaction to the vaccine.
- After your shot make sure to get your vaccination card.

Let's get you there.
Let's get to immunity.

#GetToImmunity #VaccinateALL58 #CaliforniaForAll

After getting vaccinated

- If you experience mild side effects, it's a normal reaction to the vaccine. Doctors recommend taking over-the-counter pain relievers like acetaminophen or ibuprofen if you have any discomfort.
- Typically it takes two weeks for your body to build immunity against COVID-19 after your last dose.
- Take a photo of your vaccination card and keep in a safe place.
- **Continue to wear a mask,** wash your hands and practice physical distancing.

FREE COVID-19 TESTING
