Subject: RE: Transit Meeting

[EXTERNAL EMAIL]

Dear Transit Meeting Attendees,

Please understand the dire need of transit availability for Aspen Village residents. Aspen Village is not a commercial rental property. Aspen Village is a “Mammoth Lakes workforce” property (using the term loosely) with below median income residents. Our parking is limited, eliminating the possibility of households to having two parking spaces, thus only one vehicle. This creates a problem when dad has to go work in the morning and mon and the kids have school, appointments, and errands. We rely deeply on the wonderful transit system that Mammoth Lakes has. Please consider this in your transit meeting.

Thank you,

Marvin Orrick
