Hi James,

Please include this in the packet for the council.

Here is the info on the about me section. It has always stated that we only take 31 days or more. We just didn't know about the settings on the VBRO website that makes it only pop up for people searching for 31 days or more. We changed it as soon as we found out.

Thank you

I will send you what should be in it later next week. It's simply the add and the part that says we only rent monthly. Let me figure out how best to get that to you.
