Parker Lake Trail Boardwalk Rebuild – Mono County AAT & Partners

Hi Joel, just wanted to pass along to you and your team that you've done a lot of great work with the new trails around and between Horseshoe and Mamie. I've ridden everything backwards and forwards and can put together miles of fun trail just in that vicinity. Feels good to be able to recommend Horseshoe Lake for mountain biking, previously there wasn't enough riding to tell someone to go there. - John

I really enjoyed working with Shelly Witters, that girl has an uncanny sense of finding discarded fishing line! I mean, I would go over an area, pull all the line I could find, then she'd follow me up, and find 5 times more! Amazing. - Tony

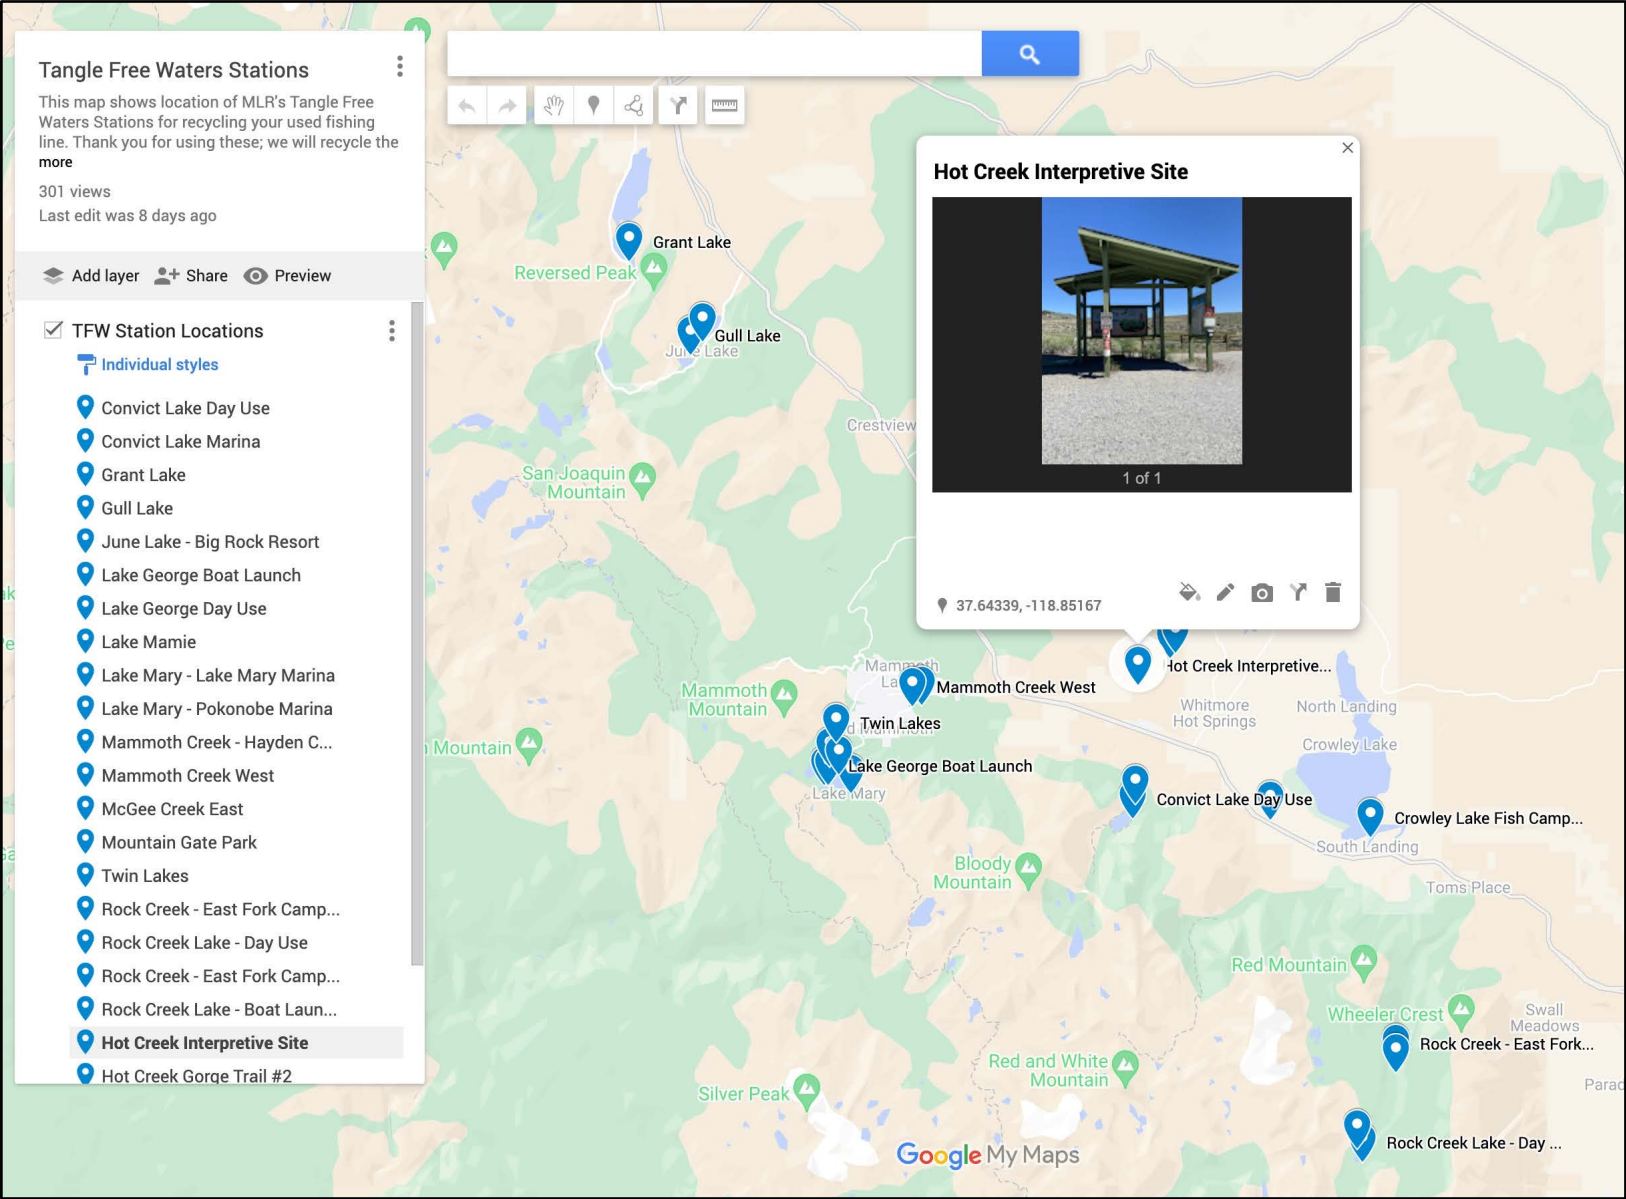

Kim,
I biked up to Lake Mary, George and Twin, was amazed at how nicely cleaned up it was. Congratulations on getting business and the public involved in keeping the recreation areas nice. It's the best I've seen our lakes in 30 years!!!
-Jane

I did a lap around Horseshoe Lake and all I found was some micro trash, cool mushrooms, a little rain and someone's shrine? I didn't want to remove it even though he wants to travel. Mammoth Lakes Trail System is doing a great job!
