Also, I am hoping to transition my residence 100% to Mammoth Lakes, but it takes time.....this process that you are going under will squash that dream. A lifelong dream, since I was 13. I am a Los Angeleno for all of my 72 years.....maybe my daughter sensed I needed to fulfill my dreams of living in Mammoth SOMEDAY, but she sensed quicker. So we bought in March 2012, unfortunately at the height of market. I have come to your area all my years, with my parents camping and LAKE-ing, and then when in my teens beginning w/the yearly drives of my VW bug way before my parents wanted to let me go, but its Mammoth! Then all my adult-ish camping trips EVERYWHERE in Mono County.

Also, I have ideas how condo/apt owners can help with covering the needs of workers FOR A PORTION OF THE YEAR.....yet KEEP their residences/second or otherwise, AND KEEP THE TOURIST MARKET ALIVE FOR THE BENEFIT OF BOTH CITY AND OWNER.

Sending people down to Bishop will divert all after-ski profits there. That's ok, if you want that.

**THE COMMITTEE REALLY NEEDS TO INCLUDES CITIZENS THAT HAVE A STAKE, A "STAKEHOLDER". I CANNOT BELIEVE YOUR ONLY STAKEHOLDERS ARE THOSE THAT MAKE THEIR LIVING BY REAL ESTATE, AND NOT THE CITIZENS THAT WANT TO KEEP THEIR PROPERTIES!!!! I have been involved in many county/citizen groups and to not include citizenry is beyond acceptance.**

Who again are the members of the committee in the LODGING group? Because a public member from LODGING should also include someone that is being LOCKED OUT, a moratorium person as myself in Orange Group 2. . Where are the stakeholders?
