OTHER RELEVANT EXPERIENCE/EXPERTISE

I hold an active Class B (General) & C-10 (Electrical) contracting license and have operated a construction company in Mono Co/ Mammoth Lakes since 2008. I have worked in construction and maintenance since 1992, across multiple industries. I was trained and certified in the US Navy as an Electronics Technician and Nuclear Power Plant Operator.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE COMMISSION/ COMMITTEE/BOARD YOU SELECTED?

The BOA/ BAC acts primarily as an advisory body to the TOML Building Official. As needed, we also provide advice on specific building issues to Town Council. And, we also function as an appeal board for those appealing orders, decisions, and/ or determinations made by the Building Official in certain subject areas.

HAVE YOU EVER ATTENDED A MEETING OF THIS COMMISSION/COMMITTEE/BOARD? IF SO, HOW MANY?

Yes, quarterly since joining in 2012. Approximately 45 to 48 meetings in total.

ARE YOU INVOLVED IN ANY ORGANIZATIONS OR DO YOU HAVE ANY BUSINESS INTERESTS THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THIS COMMISSION/COMMITTEE/BOARD?

No and no. To-date, I have been able to keep my BOA/ BAC duties free of any conflict of interest during my last three terms. However, in the event that such a situation were to arise, I would be forthcoming about the conflict and recuse myself from matters, as applicable, to avoid the conflict of interest.

WHAT ACTIVITIES OF THIS COMMISSION/COMMITTEE/BOARD ARE MOST INTERESTING TO YOU?

First, being an integral part of helping to shape the implementation of building codes that contribute to improved safety and construction standards within our local community. And second, being in a position where my experience and education allow me to provide professional, expert opinions and insight on matters put before the BOA/ BAC for consideration.

WHAT ACTIVITIES OF THIS COMMISSION/COMMITTEE/BOARD ARE LEAST INTERESTING TO YOU?

So far, in all my years on the Committee, I have found all matters, activities and discussions to be very interesting and informative, in all respects.

WHAT PROGRAMS/PROJECTS RELATED TO THE COMMISSION/COMMITTEE/BOARD THAT YOU HAVE SELECTED WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

Implementation of improved safety and installation standards for propane detectors and annunciation systems. Continuance of pre-engineered drawings/ plans for common construction projects and a more complete online permit application, issuance and payment process.

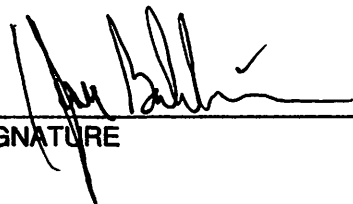

HOW WOULD YOU APPROACH THE IMPROVEMENT OR IMPLEMENTATION OF THE PROGRAMS/PROJECTS LISTED ABOVE?

Through my various roles, I work with other members of the BOA/ BAC, the Town of Mammoth Lakes Community Development/ Building Department and the Mammoth Lakes Contractors Association to improve and implement programs and projects like those listed above on a regular basis. I solicit cooperation and feedback to help in garnering support, agreement and cooperation in implementing new projects like these, and others. Significant progress is in fact being made in all three of these areas as a result. And I am especially passionate about helping with future projects and programs which help improve the safety, effectiveness and efficiency of the local construction community. And those which help improve the safety and quality of life for those living within Mammoth Lakes and other communities within Mono and Inyo Counties.

WOULD YOU BE AVAILABLE FOR MEETINGS IN THE:

_____ DAYTIME _____ EVENING ☒ BOTH

Appointees will be required to take an Oath of Office and are subject to filing a Statement of Economic Interest pursuant to the Political Reform Act of the State of California.
