Meeting Date: May 15, 2024

Prepared by: Pam Smitheman, Assistant Engineer

RECOMMENDATION:

Staff recommends that Town Council adopt the Resolution of Intention to Levy and Collect Annual Assessments within Benefit Assessment District 2002-01 (Old Mammoth Road) for the Fiscal Year 2024/25, approving the Annual Report, and setting the time and place for the public hearing on June 19, 2024.

BACKGROUND:

Each year at this time, the assessment against properties within Benefit Assessment District 2002-01 (Old Mammoth Road) must be reevaluated to determine whether the annual funding is sufficient for the anticipated costs of public services needed in the coming fiscal year. The Benefit Assessment Act of 1982, under which the district was formed, requires that a new Engineer's Report be prepared each year to determine and levy the annual assessments.

ANALYSIS:

In past years the Town, on behalf of the district, did minor landscaping improvements. Staff continues to address landscaping and beautification, which may include reevaluating previous plans; therefore, the budget has been programmed accordingly. Throughout Fiscal Year 2023/24 staff reviewed the conditions of district facilities and considered appropriate maintenance improvements and necessary accruals. Staff recommends that the Town levy an assessment amount of \$246,463 for Fiscal Year 2024/25 to preserve necessary funds for future projects and maintenance including snow removal expenses. The maximum allowed for the district assessment is \$246,463.50. A public hearing is required under the code sections for which the assessment is governed

FINANCIAL CONSIDERATIONS:

The Engineer's Report as prepared by NBS includes details for all Financial Considerations. In summary, the total district assessment is \$246,463 for the 2024/25 fiscal year.
