2.1 Description of the Boundaries of the District

The District is located within the Town. The District boundaries are described as generally west of Sierra Park Road, south of Main Street (Highway 203), and along Old Mammoth Road to Mammoth Creek Park. The District consists of 410 assessable parcels including a combination of residential (condominium units) and commercial properties located along Old Mammoth Road.

2.2 Description of Improvements and Services

The improvements include the installation, upgrade, construction, or reconstruction of irrigation and landscaping, street lighting, streets, sidewalks and driveways, curb and gutter, drainage facilities, and snowmelt tubing systems. The maintenance services include the operation, maintenance, and servicing of the improvements and appurtenant services including, but not limited to, personnel, electrical energy, materials, contracting services, and other items necessary for the satisfactory operation of the improvements and services.

This annual report makes reference to the plans and specifications for the improvements, which are on file with the Town. The improvements within the District may include, but are not limited to: snow management, drainage, landscaping, curb, gutter and sidewalk repairs and maintenance. Services provided include all necessary services, operations, administration, and maintenance required to keep the improvements in an operational and satisfactory condition.

Summer Sidewalk Sweeping: Includes sweeping of the sidewalk improvements during the summer months.

Landscape Maintenance: Includes the required landscaping maintenance costs necessary for a contractor or Town staff member to maintain landscaped areas and irrigation; including aesthetic treatment and replacement of landscaping, as necessary.

Curb, Gutter, Sidewalk Repairs & Contingency: Includes the scheduled repair and rebuilding of pumps and motors in addition to items that are generally unforeseen and not normally included in the yearly maintenance contract costs. This may include repair of damaged equipment due to vandalism, storms, etc. Also included may be planned upgrades that provide a direct benefit to the District.

Light Maintenance: Includes the required maintenance costs necessary for a contractor or Town staff member to maintain streetlights within the District.

Banners: Includes the installation and maintenance of banners on streetlights within the District.

Landscape Improvements: A one-time expense for a project that includes the installation of pavers, planter boxes, and plants. Project also includes improvements to the entire irrigation system to meet current water usage allowances.

Sidewalk Improvements: A one-time expense project however, there are no large-scale sidewalk projects planned for Fiscal Year 2024/25.

3.2.2 ADMINISTRATION COSTS

Personnel/Overhead/Consultant: This item includes the cost to all particular departments and staff of the Town, and consultants for providing the administration, coordination and management of District services, operations, and incidental expenses related to the District. This item also includes creation of an annual engineer's report, resolutions and placing the assessment amounts onto the County tax roll each year, along with responding to any public inquiries. This item also includes County collection fees.

3.2.3 CURB/GUTTER/SIDEWALK AND SNOW MANAGEMENT AND RESERVES

Includes the amount necessary to provide the revenue needed to provide for a full year of District snow removal costs. The operating reserve will also include amounts needed to provide for District repairs that are generally unforeseen and not normally included in the yearly maintenance costs. This may include the repair, replacement, or renovation of District improvements due to snow management activities, weather, vandalism, etc.

4. METHOD OF ASSESSMENT

4.1 Statutory Considerations

Proposition 218, the “Right to Vote on Taxes Act” was approved by California voters in 1996, which added Articles XIII C and XIII D to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the “Implementation Act”) was approved July 1, 1997. The Implementation Act provided for procedures throughout the notice, protest and hearing process.

4.1.1 GENERAL BENEFIT

Proposition 218 requires that any local agency proposing to increase or impose a special assessment to “separate the general benefits from the special benefits conferred on a parcel.” The rationale for separating special and general benefits is to ensure that the property owners are not charged with an assessment that pays for general benefits. Thus, a local agency carrying out projects or services that provide both special and general benefits may levy an assessment to pay for the special benefits but must acquire separate funding to pay for those general benefits.

The District provides snow management services along Old Mammoth Road, which is an arterial/collector street. The snow management services provide a portion of general benefit to both properties and the public at large. So that properties within the District boundaries do not pay for the general benefit of the snow management services, the Town contributes approximately one-half of the annual snow management budget to the total annual District budget.

4.1.2 SPECIAL BENEFIT

Pursuant to Proposition 218, or more specifically Article XIII D, Section 2(i) “Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit.”

All parcels that have special benefit conferred upon them as a result of the improvements, services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the improvements, services and activities.

In accordance with Article XIII D Section 4(a) “No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.” Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment. Exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public easements, and rights-of-ways.

The maintenance and operation of improvements and services, more fully described in the Plans and Specifications section of this report, are for the benefit of the properties within the District, and as such confer a special and direct benefit to parcels within the District by:

- allowing individual parcels to be developed and used to their fullest extent by ensuring adequate snow management, drainage, and sidewalk sweeping which is essential to the use, preservation, and protection of those properties, and
- improving the livability, appearance, and desirability for properties within the boundaries, through landscaping of the District, and
- providing for safe vehicular and pedestrian access through proper snow management, drainage, streetlighting, and sidewalk maintenance for properties within the District, and
- ensuring that the improvements do not reach a state of deterioration or disrepair so as to be materially detrimental to properties within the District.

The above-mentioned items contribute to a specific enhancement of the properties within the District. Since these improvements were installed and are maintained specifically for the properties within the District; only properties within the District receive a special benefit and are assessed for said maintenance.

4.2 Method of Assessment Spread

There are 410 assessed parcels within the District. Due to the linear nature of the maintenance and operation of the improvements, parcels within the District are deemed to receive proportional special benefit from the maintenance and operation of the improvements, based on their assigned linear frontage to Old Mammoth Road. The assessment is spread to each parcel within the District as follows for Fiscal Year 2024/25:

Description	Amount/Rate
Total District Linear Feet	7,390.21
Maximum Maintenance Assessment Per Linear Foot ⁽¹⁾	\$33.35
Total Maximum District Assessment ⁽²⁾	\$246,463.50
Estimated Maintenance Assessment Per Linear Foot	\$33.35
Total Estimated District Assessment ⁽²⁾	\$246,463.00

(1) The maximum maintenance assessment per linear foot is subject to a 2% increase per year.

(2) Does not include rounding adjustments for tax roll purposes.

The following table provides the maximum assessment per linear foot for the District for the past five fiscal years:

34	5,155.560	\$33.35	\$171,937.57

(1) Differences due to rounding adjustments for purposes of this report.

4.3 Maximum Annual Assessment Increase

The Fiscal Year 2002/03 maintenance assessment rate set the initial maximum assessment rate for the first three fiscal years of the District. Beginning Fiscal Year 2005/06, the maximum annual assessment rate shall increase 2% over the previous year's maximum annual assessment rate. Regardless of the assessment amount actually levied each year (assessments may be levied at less than the maximum assessment rate), the maximum allowable assessment rate will increase. Any increase in the actual amount of the assessment levied, as long as it does not exceed the maximum allowable assessment for that fiscal year, will not be considered an increase of the assessment as defined by Proposition 218.

4.4 Time and Manner of Collecting Assessments

The Town will levy and collect the District assessments in the same manner and at the same time as ordinary ad valorem property taxes.
