

Mammoth Lakes Town Council Agenda Action Sheet

Title: Authorize the Town Manager to execute an Agreement with the AstroTurf Corporation for the Whitmore Track Repair project in the amount of \$66,795 subject to review by the Town Attorney.

Council Meeting Date: 6/19/2024

Prepared by: Stuart Brown, Parks and Recreation Director
Haislip Hayes, Public Works Director

Recommended Motion: Authorize the Town Manager to execute an Agreement with the AstroTurf Corporation for the Whitmore Track Repair project in the amount of \$66,795 subject to review by the Town Attorney.

Summary: This Agreement incorporates the renovation of the track surface at the Whitmore Track and Sports Field located at 575 Benton Crossing Road. Since opening in 2012, no major rehabilitation work has been conducted on the track surface. The typical life span of the track and turf field is 8-10 years, so while we have been able to extend this time period by a few years, this scope of work will ensure this facility is well maintained, safe and accessible for all users in the coming years.

The contractor's scope of work includes the replacement of approximately 10 square yards of four damaged and deteriorating locations on the track. The contractor will also glue down 150 linear feet of delaminated track surface, pressure wash the track surface for cleaning, stripe the track per NFHS standards, and cleanup and disposal of debris into dumpsters.

Funding for this agreement was allocated by Town Council on May 15, 2024, as part of the FY 2023/24 Third-Quarter budget amendment in the amount of \$100,000. It is anticipated that the remaining funds will be dedicated to an additional agreement for the repair of the Whitmore Track synthetic turf field.

The Agreement is made through the California Multiple Award Schedule (CMAS) under the Cooperative Purchasing Contract No. 4-24-02-1013 account. This California Multiple Award Schedule (CMAS) provides for the purchase, warranty, installation, maintenance, repair, removal, and disposal of playground and outdoor fitness equipment, site accessories, surfacing, and related products and services. The Department of General Services (DGS) Procurement Division (PD) provides innovative purchasing methods to meet the needs of any California governmental entity (state, city, county, district, or other local governmental body or corporation including the California State Universities (CSU) and University of California (UC) systems, K-12 schools and community colleges) empowered to expend public funds to utilize designated State contracts, per Public Contract Code Section 10298, et. seq. This law allows entities described above, to leverage the State's buying power and purchase directly from suppliers through existing contracts and agreements, without further competitive bidding. The work described in the attached Agreement is planned to be completed this summer.
